Subject: FW: nchgw ou1 pdi wp - word version

For the Tables, I checked against the excel file dated 3.17.16 and the 3.23.16 pdf file I sent and the only changes I recognized for the tables are that I updated the heading under the Table header. I also added the "For Settlement Purposes..." Language at the bottom of this table as I did with every other page of the PDIWP. The date needs to be updated to July too.

For the Figures, I added "For Settlement Purposes ..." to the bottom of each figure. I also changed "New Cassel Site" to either NCHGW OU1 PDI WP if it fit or NCHGW OU1 if the aforementioned didn't fit. Can you make the added details under the figure numbers that I had in the 3.23.16 file in your version. Thanks.

I ran a compare of the word file you sent me (dated 3.17.16) and the most recent word file I had (3.22.16). The changes are minimal – mostly formatting (incl in header and footer) and a few word changes. Those are in RLSO in the attached word doc.

If for your own internal needs you need to keep the Lockheed format on the first page (Lockheed graphic, and memo to and from details) can you just have all that information on a separate first page so that the document I send to the PRPs doesn't include that.

I also embedded two comments about the changes to the WP we discussed earlier this week.

I didn't embed the comment about adding language somewhere in the WP (or maybe the SOW) about if PRPs were to propose additional sampling since I'm not sure where that may go.

I'll send a separate email that highlights the changes made to the figures so you have clarity on the differences between what you last sent me and what went out to the PRPs.

Don't hesitate to let me know if you have any questions – Thanks!

Jen,

I have attached the latest version of the Word file for the PDI WP.

Jean,

When you get a chance could you send me the last word version of the PDI WP that you sent over or have? Ideally, I would like to send you the changes in red line strikeout so its clean.
